

Prof. Dr. Jörg M. Fegert M.D. is funder and Medical Director of the Department for Child and Adolescent Psychiatry and Psychotherapy at Ulm University Medical Center, Past President and Congress President (Ulm 2017) of the German Society for Child and Adolescent Psychiatry, Psychosomatics and Psychotherapy (DGKJP) and Board Member of the European Society for Child and Adolescent Psychiatry (ESCAP), where he is head of the Policy Division.

He studied medicine in Nantes (France) and Berlin (Germany) and completed his professional training at the department of the Free University of Berlin. His medical doctoral theses were on effects of migration. His "Habilitation" (Phd lite theses) studied mental health problems in children with atopic diseases. He was head of the Department of the University of Rostock 1997 – 2001).

Currently he is Chairman of the Academic Advisory Board on Family Affairs of the German Federal Ministry for Family Affairs, Senior Citizens, Women and Youth and member of the National Council against Sexual Violence against Children and Adolescents. He is also President of the Deutsche Traumastiftung e.V. (Foundation for the improvement of trauma care through education and research), spokesman of the Trauma Research Centre at Ulm University (ZTF, grant-aided by the state of Baden-Württemberg), member of the German Committee for UNICEF e.V. and director of the Competence Center Child Abuse and Neglect (Com.Can) and the competence domain mental health prevention of the federal state of Baden-Württemberg.

Prof. Fegert's main areas of work include neglect, maltreatment, sexual abuse, early intervention, psychosomatic disorders in childhood and adolescence, the relationship between youth welfare and child and adolescent psychiatry and other legal and forensic issues. He established a focus on e-learning and dissemination, especially in the field of child protection and trauma research, which became an inherent part of training for professionals all over Germany.

Prof. Dr. Fegert is Editor-in-Chief of the Online Journal Child and Adolescent Psychiatry and Mental Health (CAPMH) (www.capmh.com) and European Editor of the Journal of Child and Adolescent Psychopharmacology (www.liebertpub.com/cap). Since summer term 2020 he is visiting professor at the University Psychiatric Clinics of Basel, Suisse.
