

2nd regional meeting of executive board members of Associations for Child and Adolescent Psychiatry of the the Alpe-Adria Region, 12th and 13th of October 2018 in Ljubljana, Slovenia

Slovenian Association for Child and Adolescent Psychiatry organized The 2nd Regional Meeting of Executive Board Members of SCAP of the Alpe-Adria region. Nineteen representatives from Croatia, Serbia, Bosnia and Herzegovina and Slovenia attended the meeting.

At the discussions we were acquainted with the conditions of child and adolescent psychiatry in individual countries, individual countries' plans and obstacles in reaching the much needed changes in the care of mental health of children and adolescents. We reported about fruitful cooperation of the regional Associations thus far and arranged plans for working together in the future.

The next Meeting of regional Associations will be held in autumn of 2019, organized by the Croatian Association.

Marija Anderluh, MD, PhD, presented the Resolution of the Slovenian national mental health policy and planned changes.

Attendees of the 2nd regional meeting alongside prof. Blanka Kores Plesničar, MD, PhD, medical director of University Psychiatric Clinic Ljubljana in front of the new building of the Unit for Adolescent Psychiatry in Center for Mental Health.
