

# ESCAP Research Academy

Johannes Hebebrand

Stephan Eliez

# Thank you!

- Susanne Mudra
- Lizanne Schweren
- Jochen Seitz
- Ida Wessing

**Invitation for a dinner in Rees, Hohe Rheinstr. 24**

# Thank you!

- ESCAP Board
  - Provision of 5000 Euros for the Madrid ESCAP Research Academy

- 5000 Euros from Johannes Hebebrand
  - Funds of the lump fee for the Editor-in-Chief of *European Child and Adolescent Psychiatry* provided by Springer Publishing House

# Let's go!

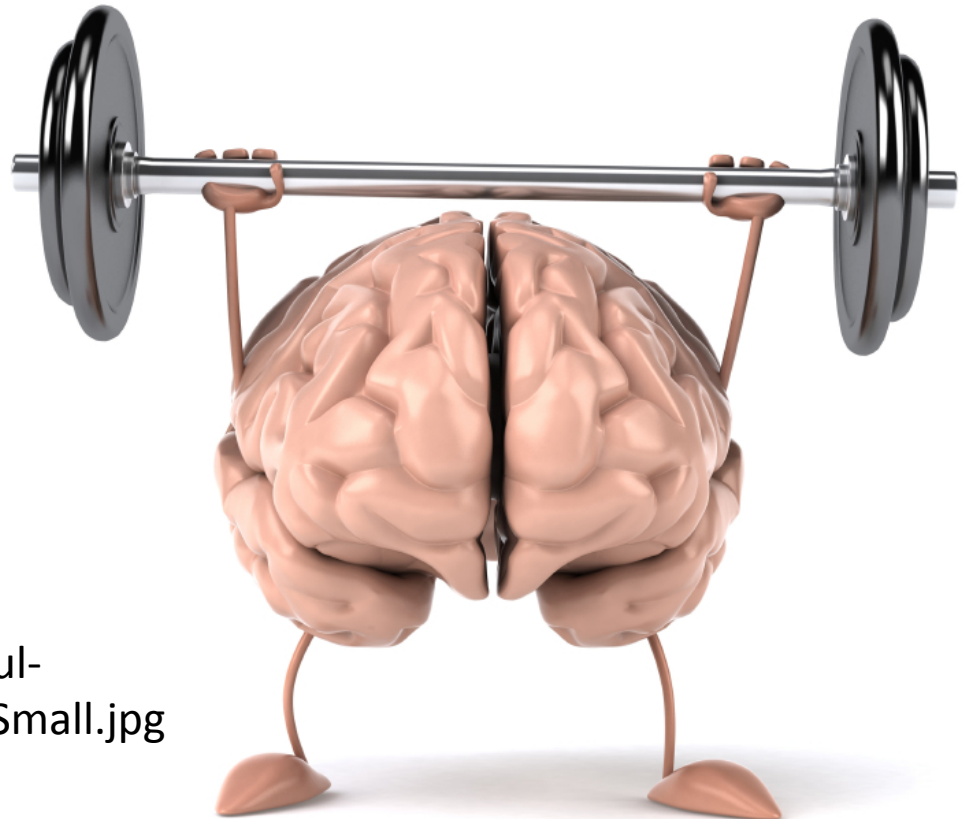

- Mental health of children extremely relevant
- Successful careers
  - e.g. ESCAP board: Two members of former Research Seminars
- European collaboration

**WE NEED  
YOU!**

# Training in CAP: The European Dimension

- Elizabeth Barrett
- Sabri Hergüner
- Henrikje Klasen
  
- Update and current status

# European Cooperation in Science and Technology (COST) Program

## Open Call for Proposals – collection 2015-1

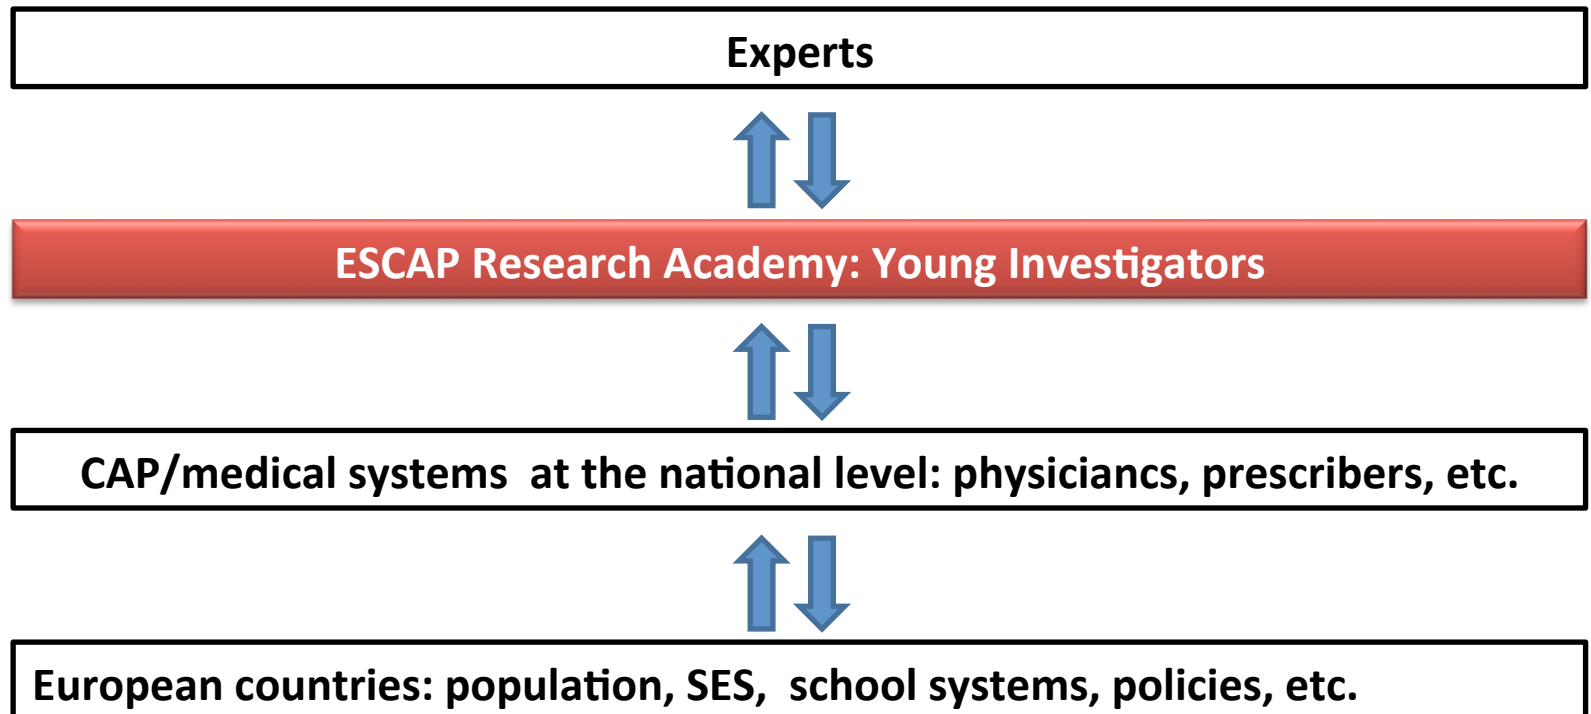

**COST aims to enable breakthrough scientific developments leading to new concepts and products. It thereby contributes to strengthening Europe's research and innovation capacities.**

In order to achieve its mission and goal, COST has identified a set of objectives aiming at supporting high quality, collaborative networks in all fields of science and technology while facilitating focus on existing but less prevailing areas allowing to increase COST overall impact:

- Joining research efforts and developing common S&T programmes by coordinating nationally funded research activities led by pan-European, high quality, collaborative S&T networks.
- Building capacity by providing networking and leadership opportunities for emerging talents and thereby strengthening and building up excellent S&T communities.
- Addressing Societal Questions by promoting trans-disciplinary, new approaches and topics and identifying early warning signals of unforeseen societal problems aiming at contributing to Societal Challenges.
- Strengthening COST Inclusiveness Policy by fostering better access and integration of less research intensive countries' researchers to the knowledge hubs of the European Research Area aiming at contributing to the Widening Pillar of Horizon 2020.

# Stimulants: The European Perspective

## Tribute to Lizanne Schweren

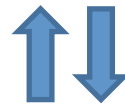

# Stimulants: The European Perspective

## Potential Outputs

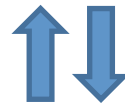

Guidelines  
Courses for child and adolescent psychiatrists  
What should parents know?  
Impact on regulatory agencies

Recommendations for future research  
What should teachers know?

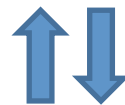

Experts

ESCAP Research Academy: Young Investigators

CAP/medical systems at the national level: physicians, prescribers, etc.

European countries: population, SES, school systems, policies, etc.

# How to keep it moving?

- **Stay in contact**
  - Henk Linse & ESCAP website: Make use of it!
  - ECAP communications
  - Establish network and sub-networks
- **Identify your major research questions**
- **Make use of European diversity**
- **10000 Euros is something, but not enough....**
  - Secure financial support (e.g. COST)
  - National societies
- **Most important:**
  - Keep the spirit going!
  - Your scientific interest matters and will influence the future of children with mental disorders
